

PLANTATION Parks & Recreation

Where Community and Fun Become One!

Plantation Community Garden

The Plantation Community Garden project is a collaborative effort involving the Plantation Parks & Recreation Department, the Plantation City Hall Administration, the Plantation Police Department, the Plantation Planning & Zoning Department, and the Plantation Garden Club.

Our initiative aims to provide a wide range of environmental, educational, and culinary events, programs, and classes that cater to the teen population of our city. These activities, combined with our garden, will promote healthy living, environmental awareness, and community involvement.

If you would like to be a part of this wonderful initiative and help our community thrive, we invite you to contribute towards our Community Garden. All the sponsorships collected will fund the construction and maintenance of our Plantation Community Garden and help us reach many more community members.
